White Action Grease + PTFE

Description

White Action Grease + PTFE is a top quality, white/amber grease based on a lithium complex. The product contains a high percentage of PTFE for excellent lubrication and low friction.

The universal lithium complex grease is highly suited for use as a sealant between the Action Filter and the air-filter housing on all Off Road motorcycles. White Action Grease + PTFE is also excellent for lubricating wheel bearings, handlebar and swingarm bearings on all Off Road and Road motorcycles, quads, scooters, karts and snowmobiles.

Application

Putoline Oil is a high-quality supplier of a wide range of lubricants and maintenance products. We only supply products for motorised two-wheelers and that makes us unique! Our years of experience, combined with continuous research results in the best price/quality ratio. Manufacturing our own products guarantees a consistently high quality. Putoline Oil, Driven by Technology!

Please refer to the advisory database for use of the correct product.

Specifications

N.L.G.I. Class 2

DIN 51 502, KP 2 N-25

Typicals

Density at 15 °C, kg/l	1,000
Dropping Point, °C	190
Temperature Limits, °C	-20/130
Base oil Viscosity, 40 °C, mm ² /s	115,00
4-ball welding load, N	2550

Available packagings

74116
100 g tube

73611
600 g pot
